These Regina shipmates are planning the 2015 Reunion just for you.

"We lived a dream, but sometimes it was wet."
----Ken Balcomb, RMcrew 76-84, scientist

"The 2013 Reunion was the first chance I'd had since sailing on Regina in 1979 to connect my own snippets of memory with a body of facts, artifacts and others' stories. It made for an intensely enjoyable couple of days and whet my appetite for more connection with this chapter in my life. I can't wait to reconvene in Port Townsend this summer!"
----Emile Amarotico, RMcrew 79, cook

"In the words of Jacques Yves Cousteau, 'The sea, once it casts it's spell, holds one in its net of wonder forever.'"
----Darlene Marmol, RMcrew 79, student

"The Pacific Northwest is the perfect place for a Regina Maris reunion. Wonderful sailing in Juan de Fuca Strait and the San Juan islands as well as the outstanding scenery of the Olympic and Cascade mountains. As a bonus, weather in August is usually outstanding."
----Jill Likkel, RMcrew 76-77, shipyard & student
----Jeremy Brown, RMcrew 75-77, bosun & sailmaker

"I can't find better words than those of John Masefield,
'I must go down to the seas again, to the lonely sea and the sky...'"
----Lee Bruno, RMcrew 79-80 student & deckhand

"It's Dungeness crabs (to eat), Orcas (to watch), Pacific Northwest waters (to sail) and Regina shipmates (to share stories and beers with).that I'm looking forward to. Sharing ideas on how to archive and preserve Regina's history ranks high on my list, too."
----Steve Nelson, RMcrew 79-80 student, deckhand & 3rd mate.

"Coming from Gloucester, MA, I will make sure I bring along a deflated football for some fun with friends from the Seattle area".
----Eric Hutchins, RMcrew 83-84, student & deckhand

"Ouch! That hurt."
----Perran Ross, RMcrew 80-84, scientist
